WRITE SOCIAL WORK

Leon Levine Hall, Room 535

Online Office Hours and Appointments via Zoom

What is Write Social Work?

Ever feel overwhelmed by grammar, APA formatting, sentence structure, and organizing a paper?! Need help making sure you are adhering to the new 7th edition APA Guidelines? Well, you are not alone. We are here to help!

Here at Write Social Work (WSW), we can go over any paper/word document with you to improve your skills! We have online hours and availability for Zoom appointments.

Since we are also students, we do have a few guidelines that we follow so that no one feels overwhelmed and you get the best help possible!

Guidelines:

- Send your work to the assistants 4-5 business days before it is due- you can send earlier than this, but not after...it will **NOT** be looked at
- Assistants will **ONLY** look at the first **5 PAGES** of a document and specific concerns you have (such as APA formatting, changing sentence structure, or punctuation)
